CARTING TEST RULES

Each exhibitor/handler is responsible for being familiar with and complying with the complete Carting Rules of the American Rottweiler Club. Rules can be obtained at:

<https://www.amrottclub.org/work-and-play/carting/carting-rules/>

The test shall be open to Rottweilers (and dogs of other breeds capable of performing the test) one year of age or older. Any dog that behaves in an aggressive manner toward other dogs or people shall be excused from the test. The Rules set forth several other grounds for excusal or failure. In addition, the judge may deny participation due to ill-fitting equipment, physical unsoundness, or unruliness of dog or handler.

The carting test requires the dog and handler to negotiate a course that includes the following elements in an order and pattern determined by the Course Director: (1) hitching to cart, (2) loading 40# weight, which will be unloaded after last exercise, (3) left turn, (4) right turn, (5) stop, (6) fast, (7) slow, (8) back at least 3 feet, (9) circle left 360 degrees, (10) circle right 360 degrees, (11) serpentine consisting of 5 cones 9' apart, (12) distraction, (13) negotiating a gate with a 4' opening. Optional elements that may be included are a bridge, a figure 8, and/or an additional distraction. In addition, each dog must complete a 3-minute group down stay while hitched to cart. The course will **not** be modified to accommodate larger carts.

A perfect performance would earn a score of 200. To qualify, a dog must complete each element of the course with a passing score for that element and complete the group down stay with a total test score of at least 170.

A carting dog should move the cart with pride and eagerness yet listen to direction from the handler. The purpose of this competition is to give handlers and their dogs a chance to exhibit these skills and abilities.

ATTENTION EXHIBITORS

Huge thanks to our exhibitors for making this test a success. We hope you have a great time and will join us on the next test.
